## GRAND JURY AND OUR SEWERS

Sewerage conditions at the Court House and County Jail, on the west side of the Public Square, Pitzer, lower Main Street and in other parts of the city are so bad and such a menace to the community that Judge R. S. Rose will ask the Grand Jury to investigate same unless remedied before that body meets during the next week or so. The Advocate has published a number of warnings in regard to these conditions as set forth by Dr. G. H. Albright and Dr. J. L. Whitteburg, of the State Board of Health, but there has been no action taken. All those using toilets on Pitzer, lower Main, the Public Square, near the Depot, back of the High School, along College Street, also the Fiscal Court, may expect action as soon as the Grand Jury meets. They will also be made cognizant of the open sewerage running across the street at the back of the Harris restaurant. Dr. Albright has data on every offender in the city. The fine for this offense is \$10 to \$100 per day which will come mighty expensive. While here Dr. Whitteburg stated that apparently the only way to secure action was to fine offenders when conditions would be remedied. Our people have a few days left in which to get something done or face the Grand Jury.

### DINNER

Mrs. Edward Faulkner gave a six o'clock dinner Thursday, April 15th, in honor of Mr. and Mrs. Joseph B. Snyder, of Williamsburg, Ky.

Covers were laid for the following: Mrs. Joseph Snyder, Mrs. Catherine Swearington, Mr. Joseph Snyder, Dr. Edward Faulkner, Mrs. Edward Faulkner.

### B. W. M. S.

April 14th the B. W. M. S. met with Mrs. H. B. Clark, with 24 members present. Devotional exercises were conducted by the President assisted by those present, who gave scripture passages. The subject was "Victory!" The 75 Million Campaign has been consummated triumphantly. The section of the program read was: "Factions from Our Leaders, those rendering it being Mrs. W. W. Evans, Mrs. John Croley, Mrs. W. J. Bethel and Mrs. Dora Miller.

At the business session the committee on the Easter Sale reported the proceeds as being \$75.80. Other business reports were made and four subscriptions to Royal Service, the women's magazine, were taken. Mrs. W. D. Sutton, Mrs. John Croley and Mrs. R. L. Creal, Com.

### THE CHICKEN LAW

First: That twenty-five chickens each family shall be exempted from taxation.

Second: That on all chickens over the first twenty-five a tax of ten cents on each hundred dollars worth of chickens shall be paid. It will be readily seen that this law in fact, practically exempts chickens from all taxation.

## ADOPT A CHILD

The Kentucky Children's Home Society now has in its Receiving Home, in Louisville, 225 children. They range in age from a few weeks to eighteen years, the youngest being a little girl less than three weeks, and the oldest a girl, eighteen years of age.

Owing to the fact that we have had no medium of telling the citizens the number of children we have, we have not had applications sufficient to place them in homes.

We make this appeal to the citizens, asking them to open their hearts and homes to these children.

There are many in the institution, who are sweet and attractive, and will radiate God's richest blessings and sunshine to the families who take them.

The majority of these children are ready for homes and when you take one of them, you are obeying an injunction of our Savior, who said "Inasmuch as have done it unto one of the least of these, ye have done it unto me."

People who are not in a position to give a child good care and attention need not reply, for it is necessary for us to know that our children will be well cared for.

If a large number of these children are placed in the next 30 or 60 days, we can relieve the counties of children who should be sent to us immediately, as it is impossible for us to take them until we place them in homes in the Receiving Home, and we hope that a great many of our Kentucky families will at this special time, find it convenient to take one of these children in to their homes.

### DISSENTED

Not County Superintendent Hempill is not dead. On April 9th a part of another item, which told of a death, was placed under a notice signed by him, which credited him with leaving a wife, two children and other relatives. Out in his syllabus retreat at Dishman Springs, Judge S. P. Dishman read the item and shed the manly tear, but, on coming into town, he met the mortified one and wondered if the minor waters which bear such a fair name, could give one the willies. Then too, there has been so much written about spiritualism recently, that the judicial mind flashed its query, "Has he been there and come back?" With an effort he asked the question, "Is you is, or is you ain't?"

Our worthy Superintendent's reply "I is," clarified the situation. In the language of the poets, Superintendent Hempill ain't left his wife, two children and other relatives, but is wearing a smile on his face and has joined the overall club.

A definite decision in regard to the Knitting Mill is expected in a short time, according to a recent letter received by Lyman R. Benjamin.

## IMPORTANT SCHOOL BOARD DECISION

The Board of Trustees of the Barbourville High School met on the evening of April the tenth at the office of the County Attorney and discussed at length the project of installing a Model School in the Grades at the City High School.

Under the new school law it will be necessary for every teacher of common schools in Kentucky to have High School training and to observe the teaching in a model school of teachers who are graduates of some State Normal School. At the present time there is no such school in Knox County, and it will be necessary for such a school to be installed here or all prospective teachers will have to leave the county for their preparation.

After discussion the trustees were of the opinion that it would greatly improve the City High School to employ some teachers who are holders of diplomas from some State Normal and who are scientifically equipped to teach in the grades and it was unanimously voted by the Board of Trustees to place this class of teacher in the First, Second and Fourth Grades for the ensuing year and to continue from year to year employing State Normal Graduates until such time as all the grades are taught by teachers of this kind.

All prospective teachers in Knox County will be permitted to visit this Model School and to observe the teaching of the instructors therein. F. W. GOLDEN, Acting Secretary.

## MAY DAY AT UNION COLLEGE

Miss Campbell wishes to begin a very old-world custom that has obtained thru the centuries at Oxford University, England. This is the slugging at early morning by students. This year (D. V.) the slugging will begin at 8:30 A. M. on the top of Stevenson Hall. Listen for it and come and join on the the Campus. At 7:30 P. M. (weather permitting), there will be a Promenade Concert given by Union College Band on the Campus. All are invited. If the weather is bad the concert will be given in the College Auditorium under the direction of Prof. C. E. Ahler. 25-26

## AT THE CHRISTIAN CHURCH

Sunday, April 25th.  
Bible School at 9:45 a. m.  
Morning Worship at 10:50 a. m.  
Sermon by the pastor: "Jesus—Purposeful and Earnest."  
The Evening hour is 7:30 o'clock  
Baptismal service after brief devotional period.  
Thos. J. Belfer, Minister

L. R. Bean, of the State Rating Board, was in town Tuesday.

## YES—THEY'RE WEARING THEM NOW

They are here and are being worn by who's who. The overall is abroad in the land as the great leveler and price breaker.

For sometime the price of men's suits has steadily risen until they are as hard to buy as moonshine whiskey in a church parsonage. That is, for the ordinary citizen.

But, no one cares to go naked, firstly because it isn't done in polite society and secondly the sheriff says one must not. Hence, with the two fold object of continuing to wear apparel and of expressing their disapprobation of being skinned by gentlemen in the clothing and profiteering business, judges, lawyers, doctors, preachers, bankers, professors, clerks and in fact all sorts and conditions of men have donned overalls and find that they are cool and comfortable and so cheap as against suits of price that the wearers are patting their pockets hooks approvingly, remembering what they have saved.

The movement is said to have been initiated in Barbourville by our friend James Bright of the First National Bank and was pushed by County Attorney James S. Golden who carried the pledge to our citizens to sign. The response was so emphatic that the Dixie, Jellicoe and Knox Wholesale Companies threw a big lot of suits on the market at cost price.

The ladies are to be invited to don calico and as they have that natural grace and beauty which ornament any clothes they may wear, we believe that they will join the swart profiteer movement and show that same spirit which their ancestors showed when they threw overboard a famous cargo of tea all for the sake of principle.

We firmly believe that, since this is becoming a national movement in a few months, our merchants will be able to offer goods at prices which our people believe are fair and just.

## METHODIST LADIES AID

The Ladies Aid of the M. E. Church met April 16th for a business and social session with Mrs. John Stanfill as hostess. The various committees made their reports and a number of plans were discussed, the most important being that of taking up Bible Study. A committee was appointed to arrange the plan. The Aid adjourned to meet with Mrs. John G. Tye on April 30th. The hostess was assisted by Mrs. H. T. Miller and Miss Nancy Faulkner in serving delicious houl-lin and sandwiches.

Sherman & Cawn bought the New York Store building, known as the Parker Building, this week. H. H. Owens was the vendor. Consideration unknown.

## THE NEW SCHOOL LAW

Kentucky is undergoing a marked and we trust, a wise, and most far-reaching change in the educational program for a higher standard of teachers, better paid teachers, economic system of taxation, the removal of politics from schools, etc.

Applying this law to fourth class cities, let us note some salient features of it, to wit:—

I. The new law carries the emergency clause and is now in operation.

II. There will not be an election for trustee the first Saturday in May but old trustee will hold over until the new organization is complete.

III. Six trustees to be known as the Board of Education of Barbourville will be elected by secret ballot at the regular election in November 1920. The five members constituting the present board of trustees (whether their term of office expires or not) go out of office on the election and organization of the Board of Education on the first Monday in January, 1921.

IV. A petition for trustee must be filed with the County Clerk "not more than sixty and not less than fifteen days before the day of election," and "not less than fifty legal voters of said district" must accompany said filing paper. The election shall be held without reference to wards or territorial subdivisions. General election laws govern the trustees under the new legal term "School Ticket." It shall be the duty of the sheriff to provide a separate box for the reception of the school ballot. Able to read and write, attained the age of 24, and a citizen of the United States for at least three years seem to be about the legal requirements for eligibility to membership on the Board of Education.

V. No trustee, at time of his election or while holding office, can become directly or indirectly connected with the sale of books, stationery, or other property to, or interested in any contract with said Board; nor shall any member vote regarding the appointment or employment in any capacity of any person related to said member as father, mother, brother, sister, husband, wife, son or daughter, nephew or niece.

VI. All appointments and promotions of teachers shall be made upon the basis of merit, etc., and said Board shall provide for the examination of teachers and issue certificates to them. It may recognize State Diplomas, State Certificates, or State University and Normal School Certificates which are valid under the general school laws.

VII. The Board of Education will receive no compensation. It may appoint a Secretary not officially connected therewith who shall receive a "reasonable salary." It may also appoint a medical inspector (and this should be done for the "physical welfare of the pupil," says the law,) and a truant officer; it maintains general supervision of the school, its property, enlarges or decreases school territory under certain conditions, condemns property for school purposes, sues and can be sued, etc.; and it may establish a kindergarten, night, normal, voca-

tional and teacher training school and do other things of a progressive and enlarged nature that is pedagogic.

VIII. The Board of Education elected Nov. 1920 shall continue the employment and service of any existing officers, teachers, agents, or other employees, subject to removal for cause until the close of the term for which they have been elected.

IX. The said Board of Education shall adopt a resolution imposing and levying an ad valorem tax in real and personal property subject to taxation at a rate not exceeding \$1.50 on the \$100. valuation of said property, and a poll tax of \$2.00 on each male inhabitant in said district. The board shall prescribe a levy to be made for amount of money which will be necessary to be used to defray the expenses of maintaining the school, including a sinking fund for bond liquidation, etc. for liabilities falling due during the current fiscal year.

X. Colored schools in cities of the fourth class will be under the supervision of the Board of education, PROVIDED the City Council, by ordinance DOES NOT CREATE A SEPARATE BOARD OF EDUCATION OF COLORED PEOPLE, and powers of employment of teachers, tax collector, agents, etc. would come under the white board of education.

XI. There are many features of minor importance to the public, viz. establishment of a set of by laws, election of officers, their duties, duties of members, their removal from office, etc. The general school laws of this State and all laws and parts of laws applicable to the general system of public schools not inconsistent with the new law remain in full force and effect, but all laws in conflict with the provisions of the new act are repealed.

This excerpt of the new school law under which our city and district must operate is given that the public may know something of the recent legislative act and be in position to intelligently anticipate its needs and apply it to the best possible advantage of the child, whose interest and welfare for a thorough training in an up to the minute school is most of all affected. Let your interest in the public school, and your money count in the quality of your instructors, which always is reflected in your child and mine, and the community will be better or worse according to the standard established and our citizenship will be maintained upon this basis.

W. C. BLACK, Chairman Barbourville Graded High School District No. 1.

## BOARD OF SUPERVISORS

The Board of Supervisors will meet Monday, April 26th, for the purpose of equalizing the taxation. They are B. P. Walker, J. B. Trosper, Prosper; J. H. Warren, Flat Lick; Harrison Jackson, Sealf; Jao. Elan, Jarvis Store; W. J. Campbell Grays; W. S. Green and Graat Hampton.

## MAKE PROFITS

The men of wealth, whom so many people envy, are not much different from the rest.

ONE THING THEY HAVE LEARNED TO DO. They take a good deal of time to budget their expenditures.

By planning, they save; by saving they are always in a position with ready money to take advantage of opportunities.

## "Sure I'll Pledge"

APRIL 25 to May 2 Presbyterians will pledge what they expect to give to local expenses and to the vast mission work of the church. How much shall your pledge be?

One-tenth of one's income is recommended as a beginning for all benevolences. The New Testament urges "as God hath prospered you." You decide what the proportion shall be. Be systematic, and give regularly.

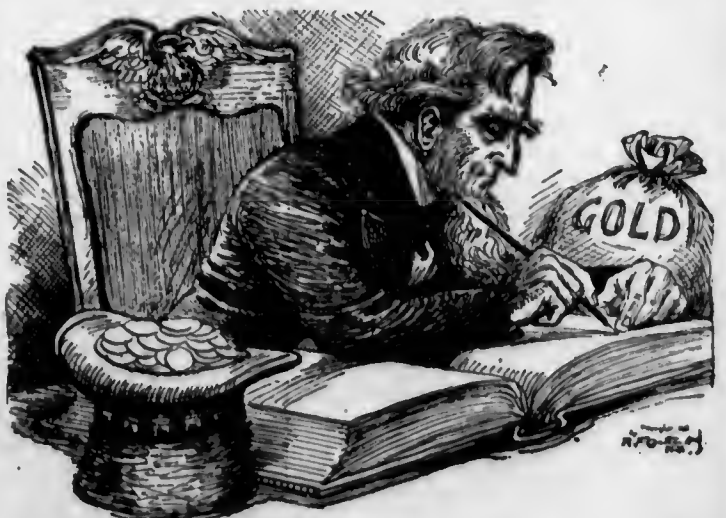

You want to do the just thing by your local church. Is your pastor's salary large enough? Has he a manse? You want to have a large share in the outreaching work of the mission boards.

At church on Sunday ask for a leaflet showing just where the money will be spent by the Boards and Agencies. When you know the need, there will be no question about an adequate response on your part.

## WOMAN'S STUDY CLUB

Mrs. T. D. Thiesley was hostess to  
the Women's Study Club on Thurs-  
day, April 15th. There were fifteen  
members present who responded to  
roll call with quotations from fa-  
mous songs. The club was delig-  
ated to welcome a new associate mem-  
ber, Mrs. Walker, who has only  
been here a short time.

Guests invited for the social hour  
were, Mrs. J. C. Snyder, of Williams-  
burg, Mrs. Jess Bolland Bowen, of  
Richmond, Mrs. Jess Decker Stooks-  
berry, of Knoxville, Mrs. Hollie Mel-  
ler, Mrs. S. T. Davidson and Miss  
Weeks of this city.

As this was the last meeting of  
the club before the convention of the  
11th District Federated Clubs,  
there were many things to be dis-  
cussed. Committee reports to be  
heard and new committees appointed.

The committee co-operating with  
Deaton-Smith Post, American Leg-  
ion, report \$12.00 donated to the  
local post on Marie Memorial.

About \$20 worth of tickets were  
sold by the club for the picture  
show to raise funds for a Commu-  
nity House to be erected as a mem-  
orial to Knox County boys who fell  
in the great war.

The program committee submit-  
ted two courses of study for next  
year. A Course in Reconstruction,  
prepared by Bay View People, and  
one on Politics offered by the Ken-  
tucky Rural High Association to  
club women.

The secretary read the names of  
those who are on different com-  
mittees:

Luncheon and Ticket Com: Mrs.  
T. D. Thiesley, Mrs. R. B. Newitt  
and Mrs. J. D. Tuggle.

Reception Com: Miss Nola Min-  
ton, Mrs. J. A. McDermott, Mrs. R.  
N. Jarvis and Mrs. G. W. Tye.

Church and Recreation Com:  
Mrs. Joseph Stewart, Mrs. J. Frank  
Hawn, Mrs. Harman.

Every club woman in whose fam-  
ily there is an automobile is urged to  
communicate with Mrs. Nola Min-  
ton and Mrs. J. D. Tuggle and offer  
the use of the car for visitors com-  
ing to the convention. Cars are to  
be sent to the Convention Church at  
12:30 o'clock on Thursday that the  
visitors may be taken over town  
before the luncheon at 1 o'clock.  
This luncheon will be served at the  
Jones Hotel and open to the dele-  
gates and visitors and to local  
members of the club at \$1.00  
per plate.

The President named the club  
women to invite the delegates of the  
town to attend the convention.

The following program was pre-  
sented:—Mrs. R. H. Newitt, Chair-  
man, discussed the 7th and 8th  
chapters of Education of a Music  
lover.

"Gethse and I. S. Faust," Miss  
Nola Minton.  
"Wagner and His Persnal," Miss  
Pelley.

After an appetizing delicious hot  
cream, cake, almonds and kisses  
were served by the hostess.

## RIP VAN WINKLEISM

Are our automobilists going to get together and put an association into effect? They, as well as the farmer, want good roads so they may enjoy a run into the country at any time. The curse of Barbourville is lack of action. We grinch about conditions but do not lift a finger to help them. Owners of automobiles curse the bad roads and stop there; farmers curse them and have to use them but, meanwhile, the bad roads are cursing the whole country, taking their toll of human life annually, killing business and making automobilism impossible in the winter months. The editor took a walk along the Dishman Springs road Sunday and the holes that remain from the late wet weather are a crowning reason why one lady living along the road, found it necessary to remain out of town for four months. Because Barbourville has been a village in spirit for years is no reason why it should remain so. We have accomplished the miracle of paved streets, now let us get out of the infernal mud which is a disgrace to a civilized people. It can be done but it won't be done while we sit on our hunches and wait for John to do it. John has been worked to a frazzle.

As we understand it the Dixie Highway will be built by State and Federal money and we believe that whatever money remains of the bond issue, voted for by the people under the impression the money was to be spent to build good roads should be spent in permanent improvement of every road leading out of Barbourville and that these roads should be added to every year out of the regular income until we get some real roads. If it is spent to pile mud on mud it might just as well be spent to provide flannel garments for the West Africans. There will be nothing to show for it. We get exactly what we deserve and to the unprogressive attitude of the people of Barbourville, the fact that they won't get together and work to gether, may be ascribed the present conditions of our roads. The farmers can lay the blame squarely on the city, since it is the city's business, thru its business men, to see that money voted for a certain purpose is used for that purpose. How many of our business men will give an hour of their precious time to make this a better city and county? Mightily few!

## No sir-ee, bob!

No premiums with  
Camels—all quality!

CAMELS quality plus Camels expert blend of choice Turkish and choice Domestic tobaccos pass out the most wonderful cigarette smoke you ever drew into your mouth!

And, the way to prove that statement is to compare Camels puff by puff with any cigarette in the world!

Camels have a mild mellowness that is as new to you as it is delightful. Yet, that desirable "body" is all there! They are always refreshing—they never tire your taste.

Camels leave no unpleasant cigarette aftertaste nor unpleasant cigarette odor! Your say-so about Camels will be:

"My, but that's a great cigarette!"

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes, or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office use, or when you travel.

### STATEMENT

Of The Ownership, Management, Circulation, Etc., Required by the Act of Congress of August 24, 1912 of the Mountain Advocate published Weekly at Barbourville, Ky., for

April 1st, 1920.

County of Knox, State of Kentucky.

I, Notary Public, in and for the State and County aforesaid, personally appeared Fred Burman, who, having been duly sworn according to law, deposes and says that he is the Editor and Business Manager of the Mountain Advocate and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 413, Postal Laws and Regulations, printed on the reverse side of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are: Publisher, Fred Burman, Barbourville, Ky.

2. That the owners are: Mountain Advocate, Barbourville, Ky.

Fred Burman, Barbourville, Ky.

Jennie McDermid Burman, Barbourville, Ky.

Judge F. D. Sampson, Frankfort, Ky.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: First National Bank, Barbourville, Kentucky.

National Bank of John A. Black, Barbourville, Kentucky.

Mrs. W. H. Minton, Barbourville, Ky.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company, but also, in cases where the stockholders or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

Fred Burman.

I Sworn to and subscribed before me this 15th day of April, 1920.

Emma Morris, (My commission expires Oct. 22, 1920.)

## Quit Laxatives, Purges; Try NR

NR Tonight—Tomorrow Feel Right

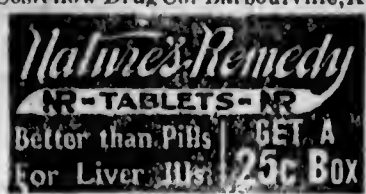

It is a mistake to continually dose yourself with so-called laxative pills, calomel, oil, purges and cathartics and force bowel action. They weaken the bowels and liver and make constant dosing necessary.

Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a box of Nature's Remedy (NR Tablets) and take one each night for a week or so.

NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleansing. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best.

Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

### GIRDLER NEWS

Most everybody around here is farming.

Dalton Calles, Matt Bolton and Bright Williamson are putting on a nice lot of hickory logs this week.

Every community should have a good veterinarian. Dr. Warren saved a fine \$200 mare last week.

Mrs. Dora Hughes is sick this week, but is thought to be improving.

Henry Matt Calles has been moving and setting up his saw mill.

Matt Calles is in Morgan City drilling for oil. He has a fishing job and we hope he will succeed in getting his tools.

There have been several telephones put up here of late. It is said some hold the receivers eight hours a day.

A large crowd attended church at Locust Grove Sunday. They elected Rev. John Quinn for their Moderator again this year.

Calles Creek elected Rev. Thomas Gray for this year. Church on every second Saturday and Sunday.

Some seem to think the peaches are not all killed. We hope not.

Why not every body read the Advocate? RED BIRD.

On account of gas trouble we are unable to print all the County news this week.

Not Sick, But Still Not Yourself.  
Think You Will Be Better  
Tomorrow—Only  
You're Not.

### TRY TAKING PEPTO-MANGAN

It Isn't Sleep You Need, But a Good  
Tonic—More Red Blood

Everyone gets run down occasionally. Sometimes it's weeks before you get your energy, enthusiasm and happiness back again.

Any doctor will tell you to be careful in a time like this. Your body has little power of resistance, and the danger of catching some serious disease is great. Temporarily, your blood has too few "fighting" corpuscles.

It's the work of these same red corpuscles to keep you free from fatigue. Being constantly tired out—depressed in body and mind—is almost a sure sign that your body needs help for a time.

Gude's Pepto-Mangan is a standard remedy in cases of anemia (or bloodlessness). It supplies the iron and other properties your blood has need of to catch up with its task of keeping you fresh and alert in every fibre.

Pepto-Mangan has the hearty endorsement of physicians. It is an agreeable tonic to take, and may be had at any drug store in either liquid or tablet form. Both have same medicinal value.

Be sure to ask for Gude's. There is only one genuine Pepto-Mangan, and the name "Gude's" should appear on the package.—Adv.

Mrs. W. H. Lyons and little daughter Anice Mae, who have been visiting Mrs. Lyons parents, Mr. and Mrs. J. S. Riley, of this city, and Mr. and Mrs. L. M. Lyons, of Glasgow, Ky., have returned to her home in Nolan, W. Va.

## DISCHARGED MEN LOSE PRECIOUS TIME

During the war the Red Cross was pledged to help our soldiers, sailors and marines. Even tho the war is over the Red Cross is at work trying to fulfill that pledge by being of service to the discharged men, especially to those who have come back broken in health or wounded.

The Knox County Red Cross at Barbourville has a long list of Knox men who have suffered for our country and for us.

Some of these men cannot be helped by medical or surgical treatment and will continue to suffer. These men the Red Cross chairman, Rev. A. H. Davis of Barbourville, will gladly help to file whatever applications they should make to the Government for money compensation. He urges that such applications be made at once, before it is too late for them to be granted by the Government.

Some physically disabled men can be improved by medical or surgical or dental treatment or by staying in a sanatorium for a while. To these the Government makes certain offers of free treatment and free care. By accepting these offers of free treatment and care the discharged men are not in any way drawn back to military or naval service. They remain private citizens even when in Government hospitals.

These offers from the Government are subject to certain physical disability limitations. The discharged men who have let a whole year pass since the day of discharge and have no certificate of disability and have not been examined for compensation or applied for compensation will have to take some extra trouble before getting authority to be treated free of charge by the Government doctors.

All physically disabled men, even all those who while they appear now to be well are in danger of being disabled by the recurrence of certain illness like rheumatism incurred in service should apply promptly to Rev. Davis at Barbourville or to the U. S. Public Health Service Medical Examiner, Dr. Leslie Logan, at Barbourville, Kentucky.

It is perhaps useless to say that all Red Cross services to the soldiers are made without charge to them.

### FIRE AT WARREN

Fire at Warren destroyed two buildings belonging to the Carter Coal Company and one, the property of the Cumberland Railroad, on Monday. J. B. Detherage lost most of his clothing and household goods, saving only the things from three rooms below. A defective flue in the home was probably the cause of the fire. The boarding house was destroyed and some of the boarders lost lots of clothing. Mr. and Mrs. Detherage were in town Tuesday to buy new clothing.

## IS A STRONG AND HAPPY WOMAN NOW

Strength and Energy Came Back,  
Nerves Calm and Sleeps Like  
Child

"As I now look back over my condition before I began taking Tanlac I can hardly understand how I managed to hold out as long as I did," was the statement made recently by Mrs. C. B. Guthrie of 612 1/2 North Ninth St., Richmond, Va.

"I had suffered so much that I had almost given up hope and my mother had become alarmed at my condition," Mrs. Guthrie continued. "I had been bothered with indigestion so long that I had become a dyspeptic and I could hardly retain any thing I ate. My appetite was so poor that I had to force myself to eat enough to keep alive. Gas formed on my stomach something frightful and my heart would palpitate so bad that I could hardly breathe. I got so dizzy at times that I had to take hold of the first thing near me to keep from falling to the floor. I was so shortwinded that I gave out completely when I walked any distance or took the least exercise. I was so nervous that I could get but little sleep and I dreaded to go to bed. When I got up of mornings I always had a bitter taste in my mouth. I had pains all over my body and at times I was stiff. Burning headaches would come on often and I felt miserable from morning till night every day that came."

"I had heard of Tanlac but I did not begin taking it until a friend of my mother recommended it so highly to her that she got a bottle for me. I have taken only one bottle but the change that has come over me is remarkable! All signs of indigestion have disappeared and I can eat any thing and everything I please without any bad after effects. I don't get dizzy any more and my heart action is normal and my breathing free and easy. My nerves are steady and I sleep like a child. The stiffness in my joints and muscles has left me and I am no longer troubled with headaches. I have gained in weight my strength and energy have all come back and I feel just like a new woman. I am a well and happy woman and all the praise for it goes to Tanlac."

Tanlac is sold in Barbourville at The Cut Rate Drug Co. Adv.

### UNION COLLEGE LYCEUM

The last number of the Lyceum Course for this year will be rendered Saturday, April 24th, at 8 P. M.

Dr. H. W. Sears, the famous humorist, known as the "Tuffy Man," will delightfully entertain and instruct the audience. Those who have had the pleasure of hearing Dr. Sears are enthusiastic in his praise. This will, no doubt, be one of our very best attractions.

Don't fail to hear him. Saturday April 24th at 8 P. M. in Union College Chapel.

The Civic League will pay 10c a hundred for all files swatted in the house till the end of April.

### NOTICE

To The Members of The Federated Clubs.

The tickets for the luncheon to be given in honor of the delegates to the Annual Convention of the 11th District of Federated Clubs, on Tuesday, April 27th, are now in the hands of the Club committees. Mrs. T. D. Tinsley is chairman of the Women's Study Club committee and Mrs. S. T. Davidson of the Civic League committee. Price \$1.00 each. All members of the Women's Study Club and the Civic League desiring tickets for this luncheon will please obtain same before Saturday, April 24th, as the sale of tickets will be closed at that time.

Mrs. J. A. McDermott, Chairman of the Press Committee.

## A VERY OLD INSTITUTION

In 1828 in a small store on Main street, Louisville, the jewelry establishment of Lemon & Son was founded by Jas. I. Lemon. From an humble beginning this store has grown until now they are numbered among the best known diamond establishments in the United States. Today many of its customers are grandsons and great-grandsons of those who bought their silverware and family jewels from Jas. I. Lemon over thirty years ago.

Visitors are always given a cordial welcome. Customers come from many states in the Union to purchase diamonds and silverware of this old concern. Lemon & Son's stock of diamonds is considered one of the finest in the South and is well worth viewing. An invitation is given every one in Kentucky to visit their establishment in the Seebach Hotel Bldg., whenever in Louisville.

## Perfect Health is Yours If the Blood is Kept Pure

Almost Every Human Ailment  
Is Directly Traceable to Impurities in the Blood.

You should pay particular heed to any indication that your blood supply is becoming sluggish, or that there is a lessening in its strength and vital force. By keeping your blood purified, your system more easily wards off disease that is ever present, waiting to attack wherever there is an

opening. A few bottles of S. S. S., the great vegetable blood medicine, will revitalize your blood and give you new strength and a healthy, vigorous vitality. Everyone needs it just now to keep the system in perfect condition. Go to your drug store and get a bottle to-day, and if you need any medical advice, you can obtain it without cost by writing to Medical Director, Swift Specific Co., 112 Swift Laboratory, Atlanta, Ga.

I have installed an up-to-date X-Ray Machine for the examination of teeth which may be causing Rheumatism, Heart Trouble, etc. A. L. Parker, Dentist, Barbourville, Kentucky. 10

## Needed Protection

Keep your body well nourished and strong and there is little danger. It's essential that you keep up your resistance. There are thousands of families who would not dream of being without the protection that

## SCOTT'S EMULSION

affords. The right idea is to start in the fall with Scott's Emulsion and be protected for a strenuous winter.

It's Scott's you ask for.

The Normal cod-liver oil used in Scott's Emulsion is absorbed in the body as a nutrient substance. It is pure and of high quality.

## DANGER IN DELAYS

To trifle with defective vision is to court, perhaps, blindness. And it is dangerous to delay.

Faults taken time, are removed without unfortunate results.

Make it a point to have your eyes examined now.

It may mean to you more than you imagine.

Neglect of the eyes by anyone, is certainly an earthly sin.

James Morryman, of Lancaster, who works in the Parrott Garage, is suffering from a severely sprained wrist as the result of a kick from an Overland Car he was cranking.

Considerable road work is being done on the Richland road between Barbourville and Corbin where plows and scrapers are at work finishing up a good job.

Prof. M. D. Adams, president of Georgetown College spent Saturday here with Rev. R. L. Creal. He made the Commencement address at Manchester Friday.

Parrott's Garage sold four Ford cars in half an hour after unloading. Purchasers were, Dr. J. G. Tye, H. B. Clark, Jim Faulkner, general representative of Swift & Co., and John W. Campbell, who is in the timber business at Indian Creek.

Charley McIntosh, miner, who was accused of the murder of his wife, Matilda, will have to face another trial as the jury was hopelessly hung up. Evidence showed that deceased was a partial paralytic and at times demented being hard to control. Marks of violence on the body were attributed by the accused to falls received while suffering from dementia.

Shoriff Black left Wednesday for the Reform School, Greendale, Ky., with Jabe Jackson, of Goose Creek, charged with confederating and Lester Alford charged with passing a cold check.

One of the merchants states that since the overall movement was begun he has been urged to buy clothing by a New York store that could not sell him last year.

Mineral Lands for Sale on Stinking Creek at two dollars per acre. Call or see Chleb Powers, Barbourville, Ky. 24-1t

The death of Miss Beniah Nicholson, formerly of Barbourville, and recently of Hazard, occurred Friday at the family home at Hazard following an operation for appendicitis. Miss Beniah was a girl of fine character and had many friends here who regret her untimely end. The funeral was held Monday at Williamsburg and was attended from here by Mrs. John Hughea, Mrs. Lillie Lawson and others.

Did you ever stop to think that modern industrial concerns contain postoffices as large as many cities in the United States? For instance The Goodyear Tire and Rubber Co. receives and answers 15,000 to 18,000 letters a day—as much mail as would be handled by a postoffice in a city of 30,000 people. At this rate nearly 6,000,000 pieces of mail are received and sent out every 12 months.

## GOODBYE, JOHN B

The moonshine is white in my Old Kentucky home,

Our voters are sober, but gay;

The corn top is ripe and the meadows are in bloom,

And we drink cold water all the day.

The stone jug will rise to kiss the waiting mouth,

And the upturned eyes gladly play

On the soft blue skies of my sweet Sunny South,

In my old Kentucky home far away.

(Chorus)

Weep no more John Barley, oh,

weep no more today,

For things have changed in my old Kentucky home—

In my old Kentucky home far away.

Once the feudman hid in the corner of the fence,

And waited for a shot at his foe,

That foeman's soul went kicking to the hence,

To the land where they don't shovel snow;

The Coroner would come to investigate the death,

He would tank up so comfortably and gay;

His verdict would say that he died far want of breath,

In my old Kentucky home far away.

Once we wore a shirt of mail beneath our Sunday coats,

And an armor plate under our vest;

That was the safest way when a man would go to vote,

And John was there to protest,

There were gay old times when the election came around,

There was music to live the day;

While the sexton's spade stabbed the dark and bloody ground,

In my old Kentucky home far away.

Once the black smoke poured from the chimney of the still,

The fragrance of corn tainted the breeze;

It would rise up till the tears of angel's spill,

And the man in the moon had to sneeze,

And the red juice spined in the bottle on the shelf,

The sunbeams around it would play;

When your throat got dry, pull the cork and help yourself

In my old Kentucky home far away.

## HICKORY MILL IMPROVES B. B. I. BALL DIAMOND

T. W. Minton & Co., of the Hickory Mill, have just completed a back stop on the ball grounds of the Baptist Institute and have also put the grounds in first class condition. This has been done in return for the privilege of the Hickory Mill team being allowed to use the diamond for its games, a thing by which both parties to the arrangement will profit.

Send today, so you will be sure to get one on this plan. Address The Taylor-Wrightwell Co., 20 East Jackson Blvd., Chicago. —Advt.

## WILL MANUFACTURE IN BRAZIL

The Goodyear Tire & Rubber company has completed arrangements with the Brazilian government for the erection of a South American factory to be located just outside the city of Rio Janeiro.

Construction of the foundations has already begun and it is believed that the new factory will be completed within a year and a half. The factory group will consist of four buildings built to allow for adequate expansion. At first 1,000 employees, mostly Brazilians, will operate the plant, which will probably have a capacity of about 1,500 tires and tubes a day.

The output of this concern will be pneumatic and solid tires, and also mechanical goods similar to the lines now manufactured in other Goodyear factories.

Acquisition of the South American factory marks another step in the expansion policy of the company, which already has plants in Akron, Los Angeles and Toronto, Canada.

C. B. Lewallen and Archie Cannon were down from Kettle Island for the week end.

George Collins, of Brush Creek, was in town buying middles for his girls Tuesday.

Mrs. M. S. Costellow is ill this week due to ulcerated teeth.

Mrs. J. M. Ellison, of Williamsburg, and little daughter Mildred, have returned home after a visit with Mr. and Mrs. E. P. England.

Mrs. England has in a fetching line of Priscilla bonnets and dust caps.

J. J. Pursifull, of Himyar, was in town Tuesday and paid for his Advocate for another year, several months in advance. He is now enjoying much better health than formerly.

Sam Michaelson, of Harlan, visited his aunt and uncle, Mr. and Mrs. Sam Cawn Sunday.

The population of Barbourville is being retarded by the scarcity of homes. We have a good brick plant. Why not build some homes?

The Cawn home, recently damaged by fire, is being repaired. Fortunately the hardwood floor did not suffer much damage.

Miss Myrtle Riley left last week to spend the summer with sister, Mrs. W. H. Lyons, Noland, W. Va. and her brother C. A. Riley, of Majestic, Ky.

Putting it off today won't get it done tomorrow. An advertisement in this paper today will bring business tomorrow.

The College Y. M. C. A. met on Monday night for the second time this year. We have been neglecting the work but intend to push it to the profit of every member.

Prof. Wesley, Superintendent of the public schools of Georgetown, Ky., and an alumnus of Union College, made an interesting talk in chapel Sunday morning.

Mr. J. A. Gray, the distinguished friend of the hobo, has returned to his home in his family. His friends and pointed, forceful Chapel talks do us all a world of good.

Prof. Cramer has been away for a trip down into the Southland.

Mr. Sheslin goes to Corbin for a recital Friday night and to Middlesboro next week.

President Franklin is attending the State Educational Association in Louisville this week.

Mr. Harper, Y. M. C. A. Secretary of Middlesboro, was with us Tuesday.

Miss Fields spent the week end with Miss Margie Brown at Varilla. Mr. Goddard had the pleasure of seeing his mother and brother at Wagoner, Okla.

Union College will enter the Eastern Oratorical Contest and meet to be held in Richmond, Va. The "try out" for the girls will be held in the Chapel April 28th and for the boys May 3rd. We are hoping for a share in the reward.

The Senior Girls took a walk to Mt. Vernon Sunday afternoon and brought a trophy—a black snake head—the end of a stick. His head was some three feet in length.

The College Girls entertained the visiting baseball team from Sue Benson and our own team Tuesday evening.

The seniors have a letter from a former classmate, Otis Borroughs, who is now employed in Akron, O. He is favorably situated there and has a good chance for a future position. He sends his best wishes to the Juniors and to the College in general. We wish him success and a happy return to U. C.

**HOUSE AND HOME GONE IS FEAR OF LOUISVILLE LADY**

**Claims Trutona Gave Her Such An Appetite Nearly Lost Both**

Louisville, Ky. April 22nd.—"Trutona gave me such an appetite that I thought for a while that I would eat myself out of house and home," was the enthusiastic statement recently made by Mrs. Francis Bauer, a well known Louisville woman who lives at 324 South Hancock Street. Mrs. Bauer is deeply grateful for the relief that she got thru Trutona and her statement will undoubtedly convince many others of the Perfect Tonic's unusual merits.

"My system was generally run down," said Mrs. Bauer. "I had been suffering from asthma for some time and that, together with the infirmities of old age, made me feel very poorly. I had become so nervous that I could hardly sleep and I seldom cared to eat anything. If I did eat a little food it didn't digest properly."

"It took just one bottle of Trutona to give me such an appetite that I thought I should eat myself out of house and home. It seems that I began feeling better immediately after starting to use Trutona. I found that I could lie down at night, sleep all night, and get up in the morning feeling strong and refreshed. I had new energy. Trutona did everything that it was supposed to do in my case and I am glad to recommend it."

Trutona is now being introduced and explained in Barbourville at the Costello Drug Store.—Adv.

**MARK OUR COMMUNITY FLY-LESS AND AVOID DISEASE**  
Now is the time, says the Department of Nursing, to start a campaign against flies.

Nearly all flies breed in organic filth. Proper temperature, moisture and food supply are alone necessary for their propagation. Manure piles and garbage cans give best opportunity for breeding flies.

Flies seldom travel more than half-a-mile from their breeding place, and usually remain within 200 or 300 yards of their point of origin. Therefore, if flies are found in a particular neighborhood, it is fair proof they developed in that immediate vicinity.

Flies transmit typhoid fever, diarrhea, cholera, dysentery, paratyphoid, intestinal infections, sleeping sickness.

The most successful method of ridding a community of flies is to institute a continued campaign for that purpose.

The time of year has an important bearing on the success of such a movement. Ordinarily fly-eradication campaigns are instituted too late in the season to be effective. Best results are obtained if work is begun in April and not postponed until the natural increase in the fly population makes these measures futile.

See to it now that your premises and those of your neighbors are rid of any fly-breeding waste piles.

**MAKE OUR COMMUNITY "FLY-LESS" THIS SUMMER.**

Mr. and Mrs. Guy L. Dickinson, Mr. and Mrs. Sawyer A. Smith and Mr. and Mrs. Ben C. Herndon went down the new pike recently and caught a mess of fish which were cut inarily fixed and gastronomically disposed of. The surplus was consumed at home.

Mrs. Dora Jarvis of Jarvis Store, while in town, called at the Advocate office and subscribed for the paper.

**STATE CLEAN UP WEEK**  
The State Board of Health joins the State Federation of Women's Clubs in designating the period from April 26th to May 2nd as "Clean-Up Week." The co-operation of every citizen and organization is asked in this life saving work to rid the entire State of disease breeding spots and the dangerous fly.

**KILLS ELEVEN POSSUMS IN ONE NIGHT**

John M. Tinsley heard a noise in his chicken coop Saturday night and on investigation found a live-up-to-the-minute-possum. He called for help since he did not want the chicken eater to escape and Mrs. Tinsley being sick and Mr. Richards asleep. Mrs. Richards stood like Horatius on the bridge and bluffed the possum into being massacred by Mr. Tinsley. When this was done it was discovered that the marsupial had ten little possums stored away in her pouch and these also were killed. People are regretting that they were not saved and raised to reduce the h. c. l. The mother weighed twelve or fifteen pounds. A lady chicken sitting on and on in the expectation of ultimately raising a large family, gave the alarm.

**PE-RU-NA**  
THE REMEDY FOR EVERYDAY ILLS

**"I have used Peru-na for years in cases of colds and catarrh. The results have been good, in fact, more than you claimed. Have also taken Lacupia and can easily say it is one of the best blood purifiers I have ever used."**  
Mr. J. F. Arendt

**For Catarrh and Catarrhal Conditions**

The evidence of one man like Mr. Arendt is more convincing proof to you of the merits of Peru-na than any written words of ours. For fifty years Peru-na has been the standby of the American family for diseases due to catarrhal inflammation of the mucous membranes lining the organs of the body. Thousands, like Mr. Arendt, have proved the effectiveness of Peru-na for coughs, colds, nasal catarrh, stomach, bowel and liver disorders or any disease characterized by a catarrhal condition. If your suffering is the result of a catarrhal disorder try Peru-na. It is a true, tried medicine.

**Unusual Value—In Tires for the Smaller Cars**

Not only is characteristic Goodyear merit conspicuous in Goodyear Tires for the smaller cars, but ordinarily the first cost is found to be not greater than that of other tires; often it is actually less.

The combination of unusual value in first cost and very low final cost, of course, is a result of Goodyear experience, expertness and care employed as insistently in the making of 30x3, 30x3½ and 31x4-inch tires as it is in the construction of the famous Goodyear Cord Tires used on the highest-priced automobiles.

For this reason more cars using these sizes were factory-equipped last year with Goodyear Tires than with any other kind.

Get this unusual tire value to enjoy on your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at the nearest Goodyear Service Station. Get these tires and Goodyear Heavy Tourist Tubes at this station.

**30x3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50**  
**30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50**

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag **\$4.50**
